AFFIDAVIT IN SUPPORT OF SEARCH WARRANT

I, Marc Jones, Special Agent with the Federal Bureau of Investigation (FBI), having been duly sworn, depose and state as follows:

1. I make this Affidavit in support of an application under Rule 41 of the Federal Rules of Criminal Procedure for a search warrant authorizing the examination of property—an electronic device identified below and in Attachment A, which is currently in law enforcement possession—and the extraction from that property of electronically stored information described in Attachment B, which constitute evidence, instrumentalities, and fruit of violations of 21 U.S.C. §§ 841(a)(1) and 846.

2. I am a Special Agent with the Federal Bureau of Investigation (FBI). As a Special Agent, I am an investigative or law enforcement officer of the United States within the meaning of 18 U.S.C. § 2510(7), and empowered by law to conduct investigations of, and to make arrests for, offenses set forth in 18 U.S.C. § 2516.

3. I have been a Special Agent with the FBI since April 2021. I am currently assigned to the Oklahoma City Division, where I am assigned to the Criminal Enterprise Squad, which is responsible for investigating street gang and drug-related offenses. Since becoming a Special Agent, I have been trained in a variety of investigative matters which involved the unlawful distribution of narcotics in violation of 21 U.S.C. §§ 841(a)(1) and 846. Prior to joining the FBI, I was a Child Protective Services Specialist, from October 2015 to March 2021. In that capacity, I investigated allegations of child abuse and/or neglect and reported the findings of my investigations to the District Attorney's Office. Through my training and experience, I have become familiar with the methods and operation of drug distributors, including their common organizational structures, use of violence, methods of distributing, storing, and transporting drugs, and methods of collecting and laundering drug proceeds. As part of my investigative experience as an FBI Special Agent, I have been the affiant in multiple Title III wire intercept affidavits, executed search and arrest warrants, conducted physical surveillance, coordinated controlled purchases with confidential sources, analyzed records documenting the purchase and sale of illegal drugs, and spoken with informants and subjects, as well as other local and federal law enforcement officers, regarding the manner in which drug distributors obtain, finance, store, manufacture, transport, and distribute their illegal drugs.

4. I am submitting this Affidavit in support of a search warrant authorizing a search of one cellular telephone; a black and gray Apple iPhone, Serial Number: QGJ69V5MQF (hereinafter **SUBJECT PHONE**), as further described in **Attachment A**, which is incorporated into this Affidavit by reference. The FBI in Oklahoma City has custody of the **SUBJECT PHONE** in Oklahoma City, Oklahoma. I am submitting this Affidavit in support of a search warrant, which would authorize the forensic examination of the **SUBJECT PHONE** for the purpose of identifying electronically stored data that is particularly described in **Attachment B**, which constitute instrumentalities, evidence, and fruits of violations of 21 U.S.C. §§ 841(a)(1), 846. The requested warrant would also authorize the seizure of the items and information specified in **Attachment B**.

5. Based on my training, experience, and the facts set forth in this Affidavit, there is probable cause to believe that violations of 21 U.S.C. §§ 841(a)(1) have been committed by Robert Rodriguez (RODRIGUEZ), Victoriano Neri Hernandez (NERI), Antonio Ortiz Herrera (ORTIZ), and others. There is also probable cause to search the property described in **Attachment A** for instrumentalities, evidence, and fruits of these crimes, as described in **Attachment B**.

6. Since this Affidavit is being submitted for the limited purpose of securing a search warrant, I have not included each and every fact known to

me regarding this investigation. I have set forth only the facts that I believe are necessary to establish probable cause to support the issuance of a search warrant. The information contained in this Affidavit is based upon my personal knowledge and observation, my training and experience, conversations with other law enforcement officers and witnesses, and review of documents and records.

BACKGROUND OF INVESTIGATION

7. The FBI and the Oklahoma City Police Department (OCPD) are currently conducting a joint investigation targeting a large-scale criminal enterprise, the NERI-ORTIZ Drug Trafficking Organization (DTO), involved in the importation, transportation, and distribution of controlled substances—specifically, cocaine and methamphetamine. Throughout this investigation, law enforcement has determined that this DTO imports large quantities of both methamphetamine and cocaine, both of which are transported into the United States and ultimately to Texas and Oklahoma. From there, these drugs are distributed to various customers, including RODRIGUEZ, who are then responsible for further distribution.

8. On June 6, 2022, law enforcement executed a search warrant at 2827 Deer Run, Altus, Oklahoma. RODRIGUEZ, his girlfriend, Nakita Robinson, and three of her children were found at the residence upon execution. While searching the residence, law enforcement located among

other things, a plastic bag that contained a clear crystal-like substance weighing approximately 59.8 grams in total package weight. Law enforcement also found a second plastic bag containing a clear crystal-like substance which was located in close proximity to a plastic container that also contained a clear crystal-like substance. The substance inside the plastic container field tested positive for methamphetamine and weighed approximately 352.2 grams in total package weight. All of the above-described items were located inside the top dresser drawers inside the master bedroom. In addition to the drugs found in the residence, law enforcement found approximately \$10,700 in US Currency inside another dresser drawer in the master bedroom.

9. While law enforcement searched the residence, RODRIGUEZ was also interviewed by law enforcement. Prior to any questioning, law enforcement advised RODRIGUEZ of his rights under Miranda both verbally and via an FBI advice of rights form. RODRIGUEZ acknowledge that he understood his rights verbally and by signing the aforementioned advice of rights form. During the interview with law enforcement RODRIGUEZ explained that he sold methamphetamine locally in Altus, Oklahoma. RODRIGUEZ also told law enforcement that some of that methamphetamine was located inside his bedroom in a top dresser drawer. RODRIGUEZ told law enforcement that these drugs were his alone and his girlfriend was not involved in his drug business. RODRIGUEZ indicated to law enforcement that

after some of his associates were arrested last month, he took his methamphetamine stash out of his residence, but returned it the day prior to the search warrant. When asked why he returned the stash, RODRIGUEZ stated that he believed he was going to be selling it soon. Lastly, when law enforcement questioned RODRIGUEZ regarding any US currency in the residence, RODRIGUEZ acknowledged a portion of the cash inside the residence was from the sale of methamphetamine.

10. Law enforcement recovered the **SUBJECT PHONE** from RODRIGUEZ, as the **SUBJECT PHONE** was on his person at the time of his arrest. RODRIGUEZ confirmed to investigators that the **SUBJECT PHONE** belonged to him. RODRIGUEZ also provided investigators with the passcode to unlock the **SUBJECT PHONE**.

11. Based upon my training and experience, I am aware that individuals involved in trafficking illegal drugs often use cell phones to maintain contact with other co-conspirators, including suppliers, transporters, distributors, and purchasers of illegal narcotics. Such cell phones and their associated memory cards commonly contain electronically stored information which constitutes evidence, fruits, and instrumentalities of drug trafficking offenses including, but not limited to, the phone directory and/or contacts list, calendar, text messages, e-mail messages, call logs, photographs, and videos.

12. Based on my training and experience, I know that individuals involved in trafficking illegal drugs often take and store photographs of controlled substances and the proceeds of drug sales, and usually take and store these photographs using their cell phones.

13. Based on my training and experience, I know that electronic devices like the **SUBJECT PHONE** can store information for long periods of time. Similarly, things that have been viewed via the Internet are typically stored for some period of time on the electronic device. This information can sometimes be recovered with forensic tools. This is true even if the user of the electronic device deleted the file. This is so because when a person “deletes” a file on a computer or electronic device, the data contained in the file does not actually disappear; rather, the data remains on the storage medium until it is overwritten by new data.

14. Based on the above information, there is probable cause to believe that violations of 21 U.S.C. §§ 841(a)(1) has occurred, and that evidence, fruits, and instrumentalities of these offenses are located on the **SUBJECT PHONE**. Therefore, I respectfully request that this Court issue a search warrant for the **SUBJECT PHONE**, described in **Attachment A**, authorizing the seizure of the items described in **Attachment B**.

15. Based on the foregoing, and consistent with Rule 41(e)(2)(B), the warrant I am applying for would permit the examination of the **SUBJECT**

PHONE consistent with the warrant. The examination may require law enforcement to employ techniques, including but not limited to computer-assisted scans of the entire medium, which might expose many parts of the **SUBJECT PHONE** to human inspection in order to determine whether it is evidence described by the warrant.

16. Because the warrant seeks only permission to examine devices already in law enforcement's possession, the execution of this warrant does not involve the physical intrusion onto a premises. Consequently, I submit there is reasonable cause for the Court to authorize execution of the warrant at any time in the day or night.
